

Dr Philip Cunnington MBBS FRCA DCHyp

Dr Philip Cunnington is a Consultant & Honorary Senior Lecturer in Paediatric Anaesthesia at Great Ormond Street Hospital for Children in London. He has been a consultant for over 20 years and his special interests are children having ear, nose and throat surgery, cleft lip and palate surgery and urology surgery. He is also very interested in the management of anxious children who are having procedures. As a result of this interest, he trained as a hypnotherapist and is a co-director of POEMS for Children, a course aimed at teaching more effective communication with children and managing their anxiety. He maintains a specialist interest in education, the management and prevention of procedure-related anxiety, performance anxiety and anxiety related to examinations, interviews, and presentations. He is a Member of the Association of Paediatric Anaesthetists.

Professional Fees

Capital Paediatric Anaesthesia Ltd terms of business require full settlement of invoices within 30 days.

Insured Patients

Dr Cunnington is a recognised provider and works on a fee-assured basis with most of the major UK-based health insurance companies.

Invoices are sent directly to your insurance company and co-payments or 'top-up fees' will not be levied. Some policies have an excess payment charge and, in these cases, responsibility for full settlement remains with the patient at all times.

Embassy Patients

If you are insured by an Embassy, a valid letter of guarantee (LOG) will be required from your embassy prior to admission to hospital.

Self-pay Patients

An indicative fee schedule for common procedures and individual quotes are available on request, and a selection of fees common procedures may be found on pages 2 & 3.

Complex multi-stage operations are billed as most complex fee +50% (two procedures) +75% (three procedures) +100% (four procedures or more).

PHF Services Ltd acts on behalf of Capital Paediatric Anaesthesia Ltd in all matters of invoices.
